THE TRUDEAU SANATORIUM  
AND  
THE EDWARD L. TRUDEAU FOUNDATION

THE TRUDEAU SANATORIUM was founded in 1884 by the late Dr. Edward L. Trudeau to help self-supporting people suffering from tuberculosis.

The institution was definitely intended for those who could pay only part of the cost. The deficit in maintenance is and always has been made up by annual gifts from the public and income from endowment funds. The charges to patients average three-quarters of the cost, but from fifteen to twenty per cent receive further assistance from the Free Bed Funds. Additional endowment for the general maintenance and for the Free Bed Funds is greatly needed and legacies are desired to strengthen the now enlarged institution.

The following brief summary sets forth the objects and departments of the institution as now carried on:

1. *The Trudeau Sanatorium* is for the treatment of favorable types of pulmonary tuberculosis and for patients of limited means. The full capacity is 200 beds.

2. *The Edward L. Trudeau Foundation* is an endowment fund in memory of Dr. Trudeau, established in 1916, for the support of research and teaching in tuberculosis. The fund is devoted to the following purposes:

- a. *The Trudeau School of Tuberculosis* for the instruction of physicians, gives a four and six weeks' post-graduate course covering the modern diagnosis and treatment of tuberculosis.

- b. A system of *Fellowships* for study and research in the Sanatorium and laboratories, which provide support for young physicians and scientists while undergoing treatment.

c. *The Research and Clinical Laboratory*, located at the Sanatorium, containing facilities for the study of bacteriology, chemistry and pathology. It includes a large *Medical Library*.

d. A department for *Statistics*, and for recording the annual reports of patients.

e. *The Saranac Laboratory for the Study of Tuberculosis*, in the village of Saranac Lake, which was formerly the private research laboratory of Dr. Edward L. Trudeau, and is now the headquarters of the Trudeau School and of pathological study and research.

Annexed to the Saranac Laboratory is the John Black Room and medical library, which serves the Trudeau School and Fellows as well as the village physicians, and where lectures are given.

## REPORT OF THE PRESIDENT

ANOTHER YEAR of the successful operation of the Trudeau Sanatorium has passed and the Trustees are grateful to be able to report that the high standards which have been set, both for the care of our patients and the prosecution of the clinical and scientific research, have been maintained.

The more important details concerning these activities are contained in the report of Dr. Baldwin as Chairman of the Executive Committee, and it is hoped that friends of the Sanatorium will carefully read that report.

By efficient management, the financial condition of the institution has been kept upon a sound basis, and in spite of the uncertainties of income, the year has closed with a budget almost completely balanced.

The need of additional income is still apparent if we are to develop the Sanatorium as we desire, but many of our friends have remained so loyal in their support that we face the future with confidence.

It is a pleasure to be able to report that two of the three chief needs which were enumerated in the President's report last year have been met, namely, a much more adequate support of the Free Bed Fund and provision for a Recreation Pavilion, which is now in process of construction and will fill a long and much felt need. The need for additional accommodations for bed patients by addition to our infirmary accommodation is still urgent, and it is much to be hoped that they may be provided by some generous friend or friends in the not too distant future.

Since the publication of our last report the Board of Trustees has suffered very severe losses in its membership.

Dr. Lawrason Brown, for so many years the guiding spirit in our medical policies, and such a tower of strength because of his wise counsel as a Trustee, died on December 26th, 1937.

Although his reputation had become world-wide, only those close to Trudeau can fully realize what Dr. Brown did to make possible the ideals of Dr. Trudeau that the Sanatorium should not only give the best care to its patients, but also should develop the best of scientific clinical

medicine. Dr. Brown's entire professional life was devoted to the highest standards which were reflected in his own practice, in his innumerable outside medical contacts, and especially in the development of the Trudeau Sanatorium. It is very largely due to these standards which Lawrason Brown set that Trudeau stands professionally where it is today. We will be eternally grateful to him and his place cannot be filled.

Also in the death of Mr. James R. Sheffield, the Board of Trustees has lost a most valued member, and Trudeau a devoted friend. Mr. Sheffield became interested in Trudeau largely through his close friendship with our late President, Dr. Walter B. James. Personally and through his firm, he has conducted all of the legal business of the Sanatorium for many years with the greatest efficiency and at considerable personal sacrifice. He was wise in counsel and delightfully human in his sympathies. His loss will be deeply felt.

Through resignation the Board has lost two additional members, Mr. Stephen Baker and Mr. Harold P. Stokes. Mr. Baker for many years has been our chief financial adviser, and as Chairman of the Finance Committee, he has directed the investments of the Sanatorium, and to him is largely due the sound position in which we find ourselves today, in spite of the great difficulties and perplexities of recent years.

He pleads the privilege of retirement upon the grounds of advancing years, and it has been granted with sincere regret and with deep appreciation of his many and invaluable services.

Mr. Stokes succeeded his father, who, as close friend of Dr. Trudeau, was one of the original founders of Trudeau, and he and his wife were among its most loyal friends and generous supporters. Though handicapped by ill health in recent years, Mr. Stokes has splendidly upheld the family tradition in his devotion to Trudeau, and his request to retire has been accepted with the deepest regret.

In the face of these serious losses, which the Board has sustained this year, the remaining members of the Board recognize their responsibility to redouble their effort to preserve and maintain the high standards of Trudeau, but we need and look for an even greater support from all of Trudeau's many friends that this may be attained.

JAMES ALEXANDER MILLER

ANNUAL REPORT  
OF THE  
CHAIRMAN OF THE EXECUTIVE COMMITTEE  
OF THE  
TRUDEAU SANATORIUM

FOR THE YEAR ENDING SEPTEMBER 30, 1938

THE FIFTY-FOURTH year of Trudeau Sanatorium brought further sadness from the passing of Dr. Lawrason Brown whose life work and purpose was to bring to the Sanatorium the highest possible standard of care for the patients. Although he was faced with a perpetual struggle to overcome his old disease, we recognize his remarkable success in making the institution what it is today in the quality of its medical care. In partial recognition of his contribution the Trustees have named the medical library, "The Lawrason Brown Memorial". It is especially appropriate as Dr. Brown had founded the library and donated to it a large number of books.

It is also a sorrowful duty to report the deaths of two other members of our official family. The first assistant resident officer, Dr. John H. Steidl, died August 9, 1938, from heart disease after nine years of active and valuable service following a complete recovery from tuberculosis by the operation of thoracoplasty (removal of ribs on the diseased side). He was able and resourceful as well as a faithful physician and research worker.

Hon. James R. Sheffield, Trustee and member of the Executive Committee for twenty-six years, and trusted adviser on legal matters for the institution, died suddenly of cerebral hemorrhage September 3, only a week after having attended the summer meeting of our board. He was always helpful and had a fund of good humor in spite of failing health.

Among the early friends of Dr. Trudeau, one who gave a cottage in 1890, and who has been a contributor ever since, was Mrs. William W. McAlpin, whose death occurred May 1, 1938.

*Financial Situation:* The past year began auspiciously but the late winter witnessed another drop in patient census coincident with the business conditions. Donations to the General Fund have fallen but an increased yield from investments and legacies has resulted in almost meeting expenses. A deficit of \$674.93 remains while improvements costing \$6,423.60 have been made, and uncollectable accounts of \$3,158.80 were charged off after accumulating several years.

#### SUMMARY

According to the custom of recent years a brief statement of the financial status is herewith presented:

Total operating expenditures -----	\$360,539.33
Construction, improvements and equipment -----	6,423.60
Miscellaneous accounts uncollectable -----	3,158.80
<hr/>	
Grand total -----	370,121.73
Sanatorium income from all departments -----	307,737.88
<hr/>	
Gross deficit -----	62,383.85
Income:	
From endowment -----	\$47,950.51
From contributions -----	13,758.41
<hr/>	
	61,708.92
<hr/>	
Net deficit -----	674.93

*Weekly cost per patient:* There has been a drop of 40 cents per week (\$25.47 to \$25.07) in cost per patient, due in main part to a decrease in raw food expense (\$0.283 to \$0.271 per meal).

*Changes in Banking Arrangements:* For twenty-two years Bankers Trust Company of New York has acted as Trustee of our Endowment Fund and as assistant treasurer of all other funds. These duties were performed at a remarkably low commission, less than cost to the bank. Therefore a new plan was put into effect June 1, 1938, whereby the bank resigned as assistant treasurer and became custodian of all funds consolidated into two classes, excepting the Endowment Fund, of which Bankers Trust Company remains Trustee.

*Donations:*

General Fund -----	\$ 9,771.41	
For special purposes -----	3,987.00	
	<hr/>	13,758.41

For Recreation Pavilion -----	9,500.00
-------------------------------	----------

*Legacies:*

Maggie W. Hoffman -----	450.00	
Robert W. Paterson -----	70,264.21	
	<hr/>	70,714.21

*Free Bed Fund:* The record of increasing support for this fund is very encouraging. The Davella Mills Foundation granted for a second year one-half of the previous donation of \$5,000 and another donor gave \$1,500 for a special object. Since the close of the fiscal year a generous donor has contributed \$8,000 in memory of her husband who had been a recovered private patient of Dr. Edward L. Trudeau's many years ago, but who recently died of another disease.

*Donations:*

Davella Mills Foundation -----	\$ 2,500.00
Mr. William P. Allen (special) -----	1,500.00
Other gifts -----	6,970.92
Interest and dividends from endowment -----	3,076.98

*Memorial Free Bed Endowment:*

Mrs. Christy Mathewson -----	8,656.85
------------------------------	----------

*Employed Ex-Patients:* Fifty-nine ex-patients earned approximately \$36,000 in addition to maintenance. The Trudeau Foundation expended

\$37,009.97 for the support of 22, mostly for professional service in the medical and laboratory departments, none of whom received maintenance.

*Construction and Improvements:*

Sites and grounds -----	\$ 576.50
New garage (near the barn) -----	794.48
New garage for Straus Cottage -----	1,018.17
Miscellaneous -----	1,817.90
	<hr/>
	4,207.05
New equipment -----	2,216.55
	<hr/>
	6,423.60

*Recreation Pavilion:* The sum of \$9,500 was contributed toward this building during the past year. At the summer meeting the Trustees voted to proceed with the construction of this much-needed pavilion and to appropriate \$12,500 from the Special Reserve Fund, if required, to complete it. J. J. O'Connell & Sons received the contract and the work is going along rapidly.

*Women's Auxiliary:* Further improvements have been carried out by the Auxiliary under the direction of Mrs. Trudeau. The refurnishing of the Schiff and Hoffman cottages was completed, and contributions of \$422.25 were made toward the support of our Hostess. At present there are fourteen members of the Auxiliary.

During the summer \$397.50 was raised by the card party given at the camp of Mrs. George Townsend on St. Regis Lake. A painting by Mr. Hamilton King was donated and sold for a substantial sum.

The patients and management have expressed much pleasure for the improvements and for the helpful assistance of Mrs. Blanchet, the Hostess.

*Medical Report:* The total number of patients under treatment last

year was ----- 423

The number remaining Sept. 30, 1938, was ----- 185

The number discharged was ----- 238

Those remaining an average of 12 months (362.1 days) -- 195

#### THE DEPARTMENTS

*Administration:* It is a pleasure to report the recovery of Mr. Armstrong after a long illness following pneumonia. Mr. Wood and Miss Duggan have faithfully met the problems of management in his absence.

*Medical Staff:* We suffered a sad loss in the death of Dr. John H. Steidl, first assistant resident physician. We have appointed Dr. Spencer Schwartz, second assistant, as his successor, and confidently rely on him to continue the standards long imposed on our staff under Dr. Heise.

The other changes following the succession of interns were the appointments of Dr. Dean A. Clark, Dr. Walter Evans, Dr. John Scott and Dr. Frank Gagan, the first mentioned having served until September 1, 1938. Dr. Mary Broadbent continues her admirable services as clinical haematologist.

*The Visiting and Consulting Staff* have rendered valuable assistance in many puzzling problems and I take this opportunity to thank them.

*The Dental Department* continues skilful and necessary treatment under Dr. and Mrs. Carr.

*D. Ogden Mills School of Nursing:* The further development of post-

graduate and affiliated courses in tuberculosis nursing has been definitely valuable. It is strongly favored by the State Department of Education, and we believe the present plan is of mutual advantage to pupil nurses and the Sanatorium. During the year 31 undergraduates and post-graduates have received the instruction. Thorough examinations are made of each nurse to discover tuberculosis if present on admission to the courses. Thus far among the 31 students only two have been detected with latent disease.

The Superintendent of Nurses, Miss F. Blanche Mann, and Assistant Superintendent, Miss Margaret B. Mundie, continue their valuable work.

*The Alumnae:* Of the former undergraduate training school, the last four pupils completed their course January 31, 1938.

Of the 166 graduates, 112 are registered nurses. The others were unable to complete the affiliated courses chiefly because of poor health.

*X-Ray Department:* The report of Dr. Sampson indicates practically the same volume of work as in the previous year. There were 15,540 films used in 5,180 examinations, one-half being for outside patients.

A study of over 13,000 films used by the Saranac Laboratory Field Staff in the survey of dusty industries was made for interpretation.

The volume of work both in the field and at the Sanatorium approximated 20,000 examinations. The department employed ten persons in the laboratory, all diligent workers and all but two former patients.

*The Lawrason Brown Memorial Medical Library:* The decision of the Trustees to rename this valuable department in memory of Dr. Brown will be cordially approved by those who knew his taste for books shown by him and by his generous gifts to the library. A bust of Dr. Brown will be placed in the library, the work of Mr. Anthony di Bona.

*The Mellon Library:* Miss Millicent Pierce, librarian, reports a total of nearly 7,000 volumes and a circulation of 10,508, half of which were loaned to bed patients. Many friends, including patients, have contributed new books. The active interest and support given by Miss Eleanor M. Mellon and Miss Annie B. Jennings is cordially appreciated and acknowledged. The voluntary assistance of patients, especially Miss Dorothy Murray who acted as substitute librarian, is duly acknowledged and they receive our thanks.

*Statistical Office:* Mr Frank Bucci continues in charge with part time assistance from other patients.

News of the death of our former statistician, Mr. William A. P. Hennigar, has been received. He was an invalid throughout the entire fourteen years of his service but carried on with conspicuous ability.

*The Chapel:* The usual services were continued by the Roman Catholic clergy, the Rev. Fathers Kitts, Nugent and Garnsey. Protestant services were held irregularly Sunday mornings by the Revs. Messrs. Sieker, Garten and Morton, the latter two being patients. To all we are obliged for their services as well as for their visitation to the sick.

Through the kindly interest and gift of a former patient, Miss Elise W. Friedgen, the Chapel lighting fixtures have been replaced by new and attractive ones.

*Entertainment:* The outstanding feature each year has been the concert by the Lake Placid Club Boston Symphony Ensemble. The continuation of this favor is due to the courtesy of Mr. Packer, president, and Mr. Hicks, secretary of the Club.

The Riverdale School Camp boys also gave an enjoyable concert.

The usual memorial meeting on the anniversary of the birth of Dr. Edward L. Trudeau was held on October 5. The Rev. F. Gray Garten gave an excellent appreciation of the life of Dr. Trudeau.

Among the amusements revived after many years was a small skating rink. It was chiefly used for the employed patients.

When the Recreation Pavilion is completed all needed facilities will be available for entertainments now held in the parlor under difficulties.

*The Work Shop:* Miss Alma Pierce, our head teacher, reports 248 persons were taught 13 arts and crafts in 1937-38. Of this number 97 were bed patients and 12 from the village.

The preparation and distribution of an illustrated catalogue and price list of objects made for sale has been followed by many orders. The catalogue was prepared with aid of Capt. Hill, Mr. Zinn, Mr. Sekine, Mr. Grossman and others and 5,000 price lists were donated by a former patient, Mr. William W. Oliver. The value of the Work Shop in the life of patients undergoing treatment has hardly been realized until recent years. It is one of the important contributions of the late Dr. Brown who pioneered in this activity. Mrs. Meredith Hare has loyally

supported the work for many years and shares the credit for its present assured position.

*Saranac Lake Study and Craft Guild:* During three years this organization has carried on an educational program in which the Sanatorium has participated with the Village. Both in the courses of instruction and in providing facilities for the arts and crafts study the Guild has had the co-operation of our institution.

Forty-one of our patients were able to take courses of study.

I am convinced that in the rehabilitation of patients this plan of adult education deserves liberal support by the state.

*The Laboratories:* Dr. Gardner, Director of Research, reports diligent activity in both the Saranac and Clinical Laboratories, results of which will be presented in the published studies. Dr. Gardner was a delegate to the International Labor Board Conference on Silicosis at Geneva, Switzerland, in September.

The program of industrial research continues in co-operation with public health authorities in the eradication of tuberculosis. Surveys have been made in industrial communities in many parts of the country, including Michigan, Indiana, Kentucky, Colorado, California, New York and in a number of other states.

*The Trudeau School:* The twenty-fourth session was one of the most successful yet held. Twenty-seven physicians took the four-week course at Saranac Lake and 19 the supplementary course at Bellevue Hospital. One third of the number were tuberculous.

Twelve scholarships were granted, seven by the School, of which two were placed at the disposal of the National Tuberculosis Association. The Association provided three others, the Pennsylvania Tuberculosis Society one and the South Carolina Tuberculosis Society one.

The interest of these organizations in sending physicians for training is an encouraging sign of progress in the campaign against tuberculosis.

*The Trudeau Foundation:* Six fellowships were awarded to tuberculous physicians and others, besides one travel fellowship. Four third-year medical students served as summer interns.

*Publications:* Nine published articles are contained in the "Studies of the Trudeau Foundation" for 1938.

## ACCOUNTANT'S REPORT

*To the Trustees of Trudeau Sanatorium, Trudeau, N.Y.*

We have examined the cash records of the Trudeau Sanatorium, Trudeau, N.Y., and the Trudeau Foundation Funds, Saranac Lake, N.Y. for the year ended September 30, 1938. The foregoing Summary of Receipts and Disbursements has been prepared therefrom and, in our opinion, fairly sets forth the transactions recorded therein.
